

Name _____

Write in the spelling for each chord. The first chord is written for you.

A few things to remember:

- The order of strings from left to right in a chord chart is: 6, 5, 4, 3, 2, 1 or E, A, D, G, B, E
 - "O" means open and that you would strum this string in your chord.
 - "X" means that you would not strum this string in your chord.
 - Write the fingers used to play each note at the bottom of each chart.

Good luck!
